

ITRAM HIGIENE, SL : partner of "Acords Voluntaris Program" for the reduction of greenhouse (GHG).

"Acord Voluntaris" Program for the reduction of greenhouse gas (GHG) emissions promoted by the Generalitat de Catalunya was launched in 2010, through the Catalan Office of Climate Change. This Program offers tools, support and recognition to those organizations that have facilities and / or operations in Catalonia and who voluntarily want to establish a commitment to reduce their GHG emissions.

Through the adhesion agreement, ITRAM HIGIENE undertakes the commitment to monitor its GHG emissions and establishing measures to reduce them annually.

It has organization code, as well as annual reports on emissions properly validated by the competent authority.
